**Section: Contact Information**

First Name: Kerri  
Last Name: Becktell  
Institution: Medical College of Wisconsin  
Address 1: 8701 Watertown Plank Rd  
City: Milwaukee  
State/Province/Region: WI  
Country: US  
Zip/Postal Code: 53226  
Phone Number: 4149554106  
Alternate Phone Number: 2693255161  
Email Address: kbecktell@mcw.edu

**Section: Project Requirements and Description**

**Group: Requirements to submit AOI**

A comprehensive review of previously published data has been completed. : Yes  
The specific aims are clear and focused. : Yes  
The investigator has appropriate experience and expertise to develop the concept proposal; if not, has identified a mentor or senior co-investigator. : Yes  
The investigator agrees to develop an initial draft of the concept proposal within 6 weeks of approval of the AOI and to finalize the concept proposal within 6 months. : Yes  
Project Title: Long-Term Outcomes of Upper Extremity (UE) Sarcoma Survivors Based Upon Local Control Measures  
Planned research population (eligibility criteria) : All sarcoma patients within the CCSS cohort who were diagnosed with a primary tumor located in an upper extremity for whom local control treatment information is available  
Proposed specific aims :  
1. Describe the baseline characteristics of the patient population, with a focus on describing the local control measures of each patient using the newly available surgical data  
2. To describe the cumulative incidence of late complications, including mortality, CTCAE chronic health conditions and subsequent surgical procedures, among UE sarcoma patients, comparing outcomes based upon type of tumor (soft tissue sarcoma vs malignant bone tumor), location of tumor (proximal or distal upper extremity) and local control approach (amputation vs limb salvage +/- radiation treatment)  
3. Describe health status outcomes across six domains: general health, mental health, functional status, activity limitations, cancer-related pain, and cancer-related anxiety/fears for sarcoma survivors, comparing outcomes based upon tumor type, location of tumor and local control approach  
Will the project require non-CCSS funding to complete? : No  
If yes, what would be the anticipated source(s) and timeline(s) for securing funding? :

**Group: Does this project require contact of CCSS study subjects for:**

Additional self-reported information: No  
Biological samples: No  
Medical record data: No
If yes to any of the above, please briefly describe.

**Group: What CCSS Working Group(s) would likely be involved? (Check all that apply)**
- Second Malignancy: Secondary
- Chronic Disease: Primary
- Psychology / Neuropsychology: Secondary
- Genetics:
- Cancer Control:
- Epidemiology / Biostatistics:

**Section: Outcomes or Correlative Factors**
- Late mortality: Primary
- Second Malignancy: Primary

**Group: Health Behaviors**
- Tobacco: Correlative Factors
- Alcohol: Correlative Factors
- Physical activity: Primary
- Medical screening:
- Other:
  - If other, please specify:

**Group: Psychosocial**
- Insurance:
- Marriage: Secondary
- Education: Secondary
- Employment: Secondary
- Other:
  - If other, please specify:

**Group: Medical Conditions**
- Hearing/Vision/Speech: Primary
- Hormonal systems:
- Heart and vascular: Primary
- Respiratory: Primary
- Digestive: Primary
- Surgical procedures: Primary
- Brain and nervous system: Primary
- Other:
  - If other, please specify:

**Group: Medications**
- Describe medications:

**Group: Psychologic/Quality of Life**
- BSI-18:
- SF-36:
- CCSS-NCQ:
PTS:
PTG:
Other:
If other, please specify:

**Group: Other**

Pregnancy and offspring:
Family history:
Chronic conditions (CTCAE v3): **Primary**
Health status: **Primary**

**Group: Demographic**

Age: Correlative Factors
Race: Correlative Factors
Sex: Correlative Factors
Other: Correlative Factors
If other, please specify:

**Group: Cancer treatment**

Chemotherapy: Correlative Factors
Radiation therapy: Correlative Factors
Surgery: Correlative Factors

**Section: Anticipated Sources of Statistical Support**

CCSS Statistical Center: **Yes**
Local institutional statistician:
If local, please provide the name(s) and contact information of the statistician(s) to be involved:
Will this project utilize CCSS biologic samples?: **No**
If yes, which of the following?:
If other, please explain:

**Section: Other General Comments**

Other General Comments:
Concept created by small group of interested individuals who met during chronic conditions working group breakout session at CCSS Meeting June 2019. Team members include: Kerri Becktell, Jen Reichek, Raj Nagarajan, Pinki Prasad, Robert Goldsby, Brent Weil, Chris Weldon, Natalie Macaruso. Review with Eric Chow from Chronic Conditions working group leadership prior to submission.
I agree to share this information with St. Jude: **Yes**
