Requirements to submit AOI:

A comprehensive review of previously published data has been completed.: Yes
The specific aims are clear and focused.: Yes
The investigator has appropriate experience and expertise to develop the concept proposal; if not, has identified a mentor or senior co-investigator.: Yes
The investigator agrees to develop an initial draft of the concept proposal within 6 weeks of approval of the AOI and to finalize the concept proposal within 6 months.: Yes

Project Title: Antecedents and consequences of personal and interpersonal strengths in young adult cancer survivors.
Planned research population (eligibility criteria): Survivors who completed the Baseline survey under 18, the follow up 2 (2002-2005), and the follow-up 3 (2007-2010)
Proposed specific aims: 1. In survivors who were adolescents at Baseline, identify a latent construct representing personal and interpersonal strengths during young adulthood (from data collected in the Follow-up 2 survey). 2. Examine predictors of personal and interpersonal strengths from adolescents medical, demographic and behavioral factors (from data collected in the Baseline survey under 18). 3. Examine behavioral and psychosocial outcomes of the personal and interpersonal strengths in the Follow-up 3 survey (2007-2010).
Will the project require non-CCSS funding to complete?: No
If yes, what would be the anticipated source(s) and timeline(s) for securing funding?:

Does this project require contact of CCSS study subjects for . . .

Additional self-reported information: No
Biological Samples: No
Medical record data: No
If yes to any of the above, please briefly describe.:

What CCSS Working Group(s) would likely be involved? (Check all that apply)

Second Malignancy:
Chronic Disease:
Psychology / Neuropsychology: Primary
Genetics:
Cancer Control:
Epidemiology / Biostatistics:

To describe the anticipated scope of the study, please indicate the specific CCSS data to be included as outcome (primary or secondary) or correlative factors. (Check all that apply)

Late mortality: Correlative Factors
Second Malignancy: Correlative Factors

Health Behaviors

Tobacco: Secondary
Alcohol:
Physical activity: Secondary
Medical screening: Secondary
Other:
If other, please specify:

Psychosocial

Insurance:
Marriage: Secondary
Education: Secondary
Employment: Secondary
Other:
If other, please specify: Income

Medical conditions

Hearing/Vision/Speech: Secondary
Hormonal systems: Secondary
Heart and vascular: Secondary
Respiratory: Secondary
Digestive: Secondary
Surgical procedures: Secondary
Brain and nervous system: Secondary
Other:
If other, please specify:

Medications

Describe medications:

Pregnancy and offspring:
Family History: Secondary

Psychologic/Quality of Life

BSI-18: Primary
SF-36: Primary
CCSS-NCQ: Primary
PTS: Primary
PTG: Primary
Other:
If other, please specify: BPI, Cantril ladder of life

Chronic conditions (CTCAE v3): Secondary
Health status: Secondary

Demographic

Age: Secondary
Race: Secondary
Sex: Secondary
Others:
If others, please specify:

Cancer treatment

Chemotherapy: Correlative Factors
Radiation therapy: Correlative Factors
Surgery: Correlative Factors

Anticipated sources of statistical support

CCSS Statistical Center:
Local institutional statistician: Yes
If local, please provide the name(s) and contact information of the statistician(s) to be involved.:
The project will be under the supervision of Christopher Henrich, PhD, Developmental Psychologist and Methodologist, Associate Chair of the Psychology Department at Georgia State University (chenrich@gsu.edu). Dr. Henrich teaches advanced doctoral-level statistics courses, including regression, Structural Equation Modeling, and Latent Growth Modeling.
Will this project utilize CCSS biologic samples?: No

If yes, which of the following?

Buccal cell DNA:

Peripheral blood:

Lymphoblastoid cell lines:

Second malignancy pathology samples:

Other requiring collection of samples:

If other, please explain:

Other general comments: I, Aurelie Weinstein (aurelie.elk@gmail.com), am a third year doctorate student in the Developmental Psychology program at Georgia State University. The proposed project will be used for my dissertation and I will be advised by Christopher Henrich, Ph.D.
