

Section: Contact Information

First Name : **Liang**

Last Name : **Zhu**

Institution : **University of Texas Health Science Center at Houston**

Address 1 : **6410 Fannin St, 1100.10**

Address 2 :

City : **Houston**

State/Province/Region : **TX**

Country : **US**

Zip/Postal Code : **77030**

Phone Number : **7135007921**

Alternate Phone Number : **9012449139**

Email Address : liang.zhu@uth.tmc.edu

Section: Project Requirements and Description

Group: Requirements to submit AOI

A comprehensive review of previously published data has been completed. : **Yes**

The specific aims are clear and focused. : **Yes**

The investigator has appropriate experience and expertise to develop the concept proposal; if not, has identified a mentor or senior co-investigator. : **Yes**

The investigator agrees to develop an initial draft of the concept proposal within 6 weeks of approval of the AOI and to finalize the concept proposal within 6 months. : **Yes**

Project Title : **Statistical Methods for GWAS Analysis of Recurrent-event Data in Cancer Study**

Planned research population (eligibility criteria) :

CCSS participants with genetic data

Proposed specific aims :

Aim 1: Develop a semiparametric method with proportional mean model for GWAS analysis of recurrent-event data on each SNP, test it by simulation studies and apply it to the CCSS data.

Aim 2: Develop a pathway analyses method for recurrent event phenotype/outcome and applied to CCSS data, and validate the results in SJLIFE data.

Aim 3: Develop implementation procedures and an R package for the statistical techniques developed in objectives 1 - 2 for the wide application of the research results.

Will the project require non-CCSS funding to complete? : **No**

If yes, what would be the anticipated source(s) and timeline(s) for securing funding? :

Group: Does this project require contact of CCSS study subjects for:

Additional self-reported information : **No**

Biological samples : **No**

Medical record data : **No**

If yes to any of the above, please briefly describe. :

It is a secondary data analysis. Only existing data is needed.

Group: What CCSS Working Group(s) would likely be involved? (Check all that apply)

Second Malignancy :

Chronic Disease :

Psychology / Neuropsychology :

Genetics : **Secondary**

Cancer Control :

Epidemiology / Biostatistics : **Primary**

Section: Outcomes or Correlative Factors

Late mortality :

Second Malignancy : **Primary**

Group: Health Behaviors

Tobacco :

Alcohol :

Physical activity :

Medical screening :

Other :

If other, please specify :

Group: Psychosocial

Insurance :

Marriage :

Education :

Employment :

Other :

If other, please specify :

Group: Medical Conditions

Hearing/Vision/Speech :

Hormonal systems :

Heart and vascular :

Respiratory :

Digestive :

Surgical procedures :

Brain and nervous system :

If other, please specify :

Group: Cancer treatment

Chemotherapy :

Radiation therapy :

Surgery :

Section: Anticipated Sources of Statistical Support

CCSS Statistical Center :

Local institutional statistician : **Yes**

If local, please provide the name(s) and contact information of the statistician(s) to be involved. :

Liang Zhu

6410 Fannin St, 1100.10

Houston, Tx, 77030

liang.zhu@uth.tmc.edu

713-500-7921

Will this project utilize CCSS biologic samples? : **No**

If yes, which of the following? :

If other, please explain :

Section: Other General Comments
