### University of Minnesota

Thank you for your continuing participation in the Long-Term Follow-Up Study. By sharing your experiences through time you are making a valuable contribution to the fight against childhood cancer and similar illnesses. Since it has been about two years since we last contacted you, we would like to update some information.

As you can see, the present survey is much shorter than the last two general surveys we have sent. This time, we are only asking about major medical events you may have experienced since you completed your last questionnaire. We hope you will find it less time-consuming to complete.

You can be assured that we will respect your privacy at all times. Your name or other identifiers will not be used in any report of our findings, or released to any person or agency, except study investigators.

Your generosity in participating is greatly appreciated.

Sincerely

The LTFU study staff
